Currently interning at Nanlogical Consultancy Services Pvt Ltd, gaining hands-on experience in delivering efficient and innovative software solutions.

EXPERIENCE

Nanlogical consultancy services pvt ltd, Chennai – Intern | Jan 2025 - present

Developing a reusable React component library to streamline UI development. Building and optimizing React and Redux-based Single Page Applications (SPAs) to deliver responsive web interfaces. Gaining hands-on experience in project workflows within a service-based IT environment.

PROJECTS

React JS based Admin Dashboard – React JS | Express JS | Mongo DB | Node JS | NPM | Webpack

Developed a React-based admin panel featuring a sidebar, header, and footer layout for seamless navigation. The project incorporated JWT-based authentication and authorization to ensure secure user access. It was integrated with an Express.js backend server and utilized MongoDB for database management. RESTful API communication was implemented using Axios to streamline data exchange between the frontend and backend, resulting in a robust and user-friendly application - [React Admin Dashboard](#)

Responsive webpages – Bootstrap | Animation on scroll (AOS) | Carousel | JS Form validation

Developed responsive web pages using CSS Flexbox, Grid, media queries and Bootstrap. Enhanced data integrity through robust JavaScript form validations. Developed an interactive carousel to elevate content accessibility and integrated the Animation on Scroll (AOS) library to create seamless and visually engaging scroll effects, enriching the overall user experience. The projects are hosted online and can be accessed through my website - [Portfolio](#)
